LEGEND

-  Mangroves / Beach
-  Shallows
-  5 Knots restricted area
-  8 Knots restricted area
-  Open Water
-  Mooring area
-  Courtesy Mooring
-  GPS Validation area

Caution
 Mariners are advised that the entrance to The Fascine is constantly changing due to the dynamics of sand movement. Care should be taken when navigating in this area.

Vessel registration

Vessels that must be registered

If your vessel has a motor, or is fitted for one, it must be registered with the DoT and will be subject to an annual registration fee. If your vessel is currently registered in another state, you have three months after bringing it into Western Australia to have it registered.

Exemptions from registration

The following recreational vessels do not have to be registered:

- yachts (un-powered and not fitted with an engine mount);
- canoes; and
- surf skis and other craft without motors.

Maintain a good lookout and a safe speed

Please maintain a good lookout for swimmers, canoes, paddle boats and other vessels. Exercise caution and operate at a safe speed when navigating in this area.

Age requirements and restrictions for skippers

Operating a vessel with a motor of 6hp or less

A person in charge of a recreational vessel with a motor of 4.5 kilowatts (6hp) or less is not required to hold an RST. Children under 10 years of age may not drive a motor boat.

Operating a vessel with a motor greater than 6hp

A person in charge of a recreational vessel with a motor greater than 4.5 kilowatts (6hp) is required to hold an RST. Persons over 14 and under 16 years of age are restricted to operating during daylight hours and at a speed less than 8 knots.

Water skiing prohibited

Water skiing is prohibited within all the waters of the Fascine. *Note: water skiing includes being towed over water by seabiscuits, surfboards and any other aquaplane apparatus.*

Public Courtesy moorings

Courtesy moorings have been provided by the DoT within the Fascine. These moorings are for short term use (up to 72 hours) and vessels must not be left unattended for periods greater than four hours at a time. They are a highly visible orange/red colour and are labelled with the maximum vessel length for the mooring. To use the mooring, approach the buoy from downwind and tie up using the floating rope.

Do not use the yellow moorings. It is an offence to use the yellow moorings if you do not have authorisation from the mooring owner.

Keep to the right

When proceeding along a narrow channel you should keep as far to the right side of the channel as is safe and practicable.
