**Real Business Experience;**  
bringing profit and accountability back to business

a modern approach to financial management and accountability

**marmion**  
management

CFO | Company Secretary  
Financial Controller

**Marmion management focuses on improving your bottom line by bringing back profit and accountability. Focusing on solid and timely business reporting, KPI identification, cost analysis and clear accountability to streamline cash flow and ultimately profit.**

**We help our clients succeed through our:**

- **Real Business Experience.** Quick identification of common issues and proven solutions
- **Practical solutions.** We appreciate your business experience and work side by side with you in implementing business processes to improve the bottom line
- **Exceptional value.** We utilise our proven business solutions in order to deliver the best and most efficient outcomes for our clients
- **On-Call.** We are always only a phone call away

**Service offering:**

Marmion Management is a true full service executive management team that cover Financial Management and Company Secretary duties.

**Designed to provide the services of 3 senior qualified executives;-**

1. CFO
2. Company Secretary, and
3. Financial Controller

**Financial advice and review for small to medium size business –**

Improve operational effectiveness and productivity, cost containment and reduction, internal controls & compliance, cash flow forecasting and reporting, formalise compliance and reduce corporate risk and increase profitability

**Strategic Decision making support and advice -** Developing strategy and business plans, planned communications, reporting and governance framework to monitor and review strategic performance

**Bolt on management –** Fulfil the role CFO, Cossec or FC as required on a contract basis. For the price of one, you still maintain daily service, contact, advice and the experience of all 3 services when required ie On Call, for minimum cost

**Outsourcing for Small Business –** supervised cost saving initiative for back office admin processes at a fraction of the Australian cost. We provide fully managed outsourcing services in the areas of Back Office, Call Centres, HR and Ad-Hoc projects, to the Australian market. Traditionally, Perth businesses have had to deal with outsourcing with international companies. Now, we provide the accessibility and accountability of having a local team manage it all for you

**A modern approach to financial management & accountability**
